

CRISIS IS ON IN BOSTON TODAY

The Strike Situation Has Grown Very Serious in the Hub City.

TRY TO ARBITRATE

Nearly 30,000 Men Are Out, and All Business is Practically Suspended.

MANY MILLS CLOSED

Boston, Mass., March 12.—Over 22,000 men are now out on a strike with the freight handlers and teamsters. The railroads refuse to arbitrate, and the appeals of Governor Crane and Mayor Collins for arbitration by the National Civic Federation are useless unless the railroads consent. The Building Trades Council and the Boston Central Labor Union will meet this afternoon and probably will order a general strike. If they do over 100,000 men will be in the army fighting for labor union. The city and all New England towns are paralyzed. The wholesale business district of Boston will be closed unless the strike is settled tomorrow.

Hope Lies in Conference
The only hope now is that the business men of the city will succeed in securing a settlement at the conference arranged for this afternoon. This conference, which is due to the influence of Governor Crane, was arranged late last night at a meeting of the Boston Chamber of Commerce, the Boston Associated Board of Trade, and the Boston Merchants' association. It was decided to call a conference of the business men of the city, to which, among others, the Coal Exchange, and of all the railroads will be invited. Secretary Easley and other representatives of the civic federation have been asked to attend.

Expect Strike to Grow
Reports from all labor organizations today show over 22,000 men on strike. This number will be swelled by several thousand tomorrow, and it is not unlikely that the meeting of the Building Trades council may result in the calling out of all the 29,000 members who are affiliated with the freight handlers and teamsters. Unless the strike is settled before Saturday it will involve 100,000 men. Every man who supports organized labor will be called upon to support the strike.

The strike leaders declare the New York, New Haven & Hartford railroad officials will have to make concessions, that the R. S. Brine Teaming company will have to recognize the union or be driven out of business, and that the strikers now out must be taken back.

Business Houses to Close
Unless things straighten out before tomorrow many wholesale houses will close down and cease doing business until it can be done other than at a loss. The retail lumber men at a meeting today gave notice that they would close their yards until further notice.

The strike of the coal teamsters, which went into effect today, may have serious results. Already many firms caught with a short supply of coal find a shut down inevitable. Hospitals, newspapers and the state houses are the only exceptions made by the coal teamsters. To them only will the water front be tied up. Thousands of tons of freight lie piled up on the wharves from shipment. Cargoes of fish are spoiling.

WHOLESALE MURDER IN A NEGRO DEN

Mattie Bennett Says She Was One of a Band Drugging Strangers for Purpose of Robbery.

Beaumont, Tex., March 12.—Mattie Bennett confessed today to Sheriff Lindley that she was at the head of a gang of negro women and white men who had for months been luring men into her house, drugging them and robbing them. If they died the victims were taken to the river and thrown in. If they were only stunned they were taken out of the house and left.

Five bodies have been found in the river since the first of the year. Sheriff Lindley says that he expects a full confession within a short time.

Tolstol and Rhodes Worse
St. Petersburg, March 12.—Tolstol has had a sudden change for the worse.

London, March 12.—A Capetown dispatch says that Cecil Rhodes passed a bad night which told appreciably on his strength.

PREDICTS VICTORY FOR THE MAROONS

Coach Kilpatrick of Wisconsin, Concedes Dual Track Meet to Chicago by Score of 44 to 36.

Madison, Wis., March 12.—The Badger track athletes are looking forward to the Wisconsin-Chicago meet on Saturday with a good deal of anticipation, although hardly with the same amount as they did to the former meet and several of the winners in the earlier contest will not compete and their places will be taken by new and inexperienced men whose showing is an uncertain quantity.

Coach Kilpatrick predicts the results giving Chicago the meet by a score of 44 to 36. However, there are several doubtful events in which the Badgers may excel his estimates. A new track is being put in the gymnasium in which the turns will be more heavily backed than in the old track.

FIRST STEP IN THE NICARAGUA CANAL

Protocol Between the United States, Costa Rica and Nicaragua is Ready for Signatures.

Washington, March 12.—The ministers from Costa Rica and the Nicaraguan state department today announced that a protocol between these countries and the United States providing for the construction of the Nicaraguan canal had been prepared and was ready for signatures.

In the senate this morning Hepburn Nicaragua bill was reported favorably without amendment.

General Samuel Young was relieved today by direction of the President of the command of the department of California and ordered immediately to this city to take charge of the American war college.

TO COMPLETE LINE BY MIDDLE OF MAY

Cars of the New Beloit, Janesville and Rockford Road Will Be Palace Cars.

The board of supervisors will be given the first ride over the new Beloit, Janesville and Rockford electric line about the middle of May. The promise was made this afternoon at the board by H. H. Clough, the head of the enterprise, who says the road will be completed by that time. Mr. Clough says the cars of the line will be palace cars compared to other interurban cars. There will be six of these. The names have not been selected as yet. The cars will be finished in cherry and mahogany and will have baggage and smoking compartments. When asked to how the cars compared with the cars of the Wentworth avenue line in Chicago Mr. Clough said they were so much better that there was no comparison. The Wentworth cars in Chicago are thought to be the best in the city. Mr. Clough left a box of cigars for the supervisors and asked them to help in the naming of the cars. It is possible the cars will be named for the towns which the line passes.

DEMOCRATS WILL IGNORE SILVER

Will Make Tariff an Issue—Scheme to Gain Control of the Lower House of Congress.

Washington, March 12.—The democrats desire to elect a majority and secure control of the next house. In furtherance of this they propose to ignore Bryan, abandon silver and issue an appeal to the country on the tariff question and the conduct of affairs in the Philippines and congressional districts in the northern states, trusting to hold the solid south.

To carry out this program the congressional committee is now looking for a leader. The name which meets with most favor is Senator Gorman. The committee asked him to accept, but has received no definite answer. The desire to have Gorman at the head of the committee arises from the fact that he is recognized as one of the best organizers in the party and it is believed he would be able to raise a liberal campaign fund from northern business men.

BAD ACCIDENT TO AN ENGINEER

Louis M. Gosselin, an engineer in the employ of the Northwestern, residing at 153 Locust street was badly injured yesterday while on his way from Oshkosh to this city. The reverse lever on his engine stuck when he tried to reverse it, and while he was pulling it came over suddenly the heavy iron handle striking him in the abdomen and producing severe internal injuries. He could get no one to relieve him at Oshkosh and was forced to bring the train as far as Fond du Lac, where another engineer was secured. He was placed on a passenger train and brought to this city last night. Dr. Woods was called but could not tell exactly how bad he was hurt.

BOERS PLAN WAR ON THE BRITISH

Burghers Will Begin a Vigorous and Aggressive Campaign.

IN THREE SECTIONS

Botha Will Renew Hostilities in Eastern Transvaal and Delay in the West.

RAID IN CAPE COLONY

London, March 12.—News from South Africa today shows that the Boers contemplate to engage the British in three large divisions. The plan is for Botha to renew hostilities in the eastern Transvaal as soon as enough men have been moved to the western Transvaal to deal with Delarey.

It is believed that DeWet will launch at once an unexpected attack northeast of Bloemfontein or attempt another raid in Cape Colony.

A report from Botha, Orange River Colony, dated Tuesday, says that General DeWet and Vice President Steyn crossed the main railroad line during the night of March 9, five miles north of Wolkehoek, going west. They came from a long conference with General Botha in the Utrecht district of the Transvaal colony, where future action was mapped out. Utrecht is about 160 miles from Wolkehoek.

Renewed rumors to the effect that Botha's burghers are dissatisfied and anxious to surrender are dismissed by the war office as unworthy of notice. Apparently the fact is beginning to dawn on Paul Mall that the Boers view the spread of such reports with satisfaction, since they act as a sedative on the British, both at home and in South Africa.

St. John Brodick, minister of war, is said to have sharply reminded Lord Kitchener that severe measures must be taken to keep the British commanders awake and to prevent them from swallowing stories shrewdly circulated by the Boers to the effect that the burgher military organization is in a state of collapse.

Skirmish Near Pearson
The disposition of the Boers in Europe is to believe that Lord Kitchener's recent drive was a much less important affair than it seems, because of the inferiority of the men captured. They hold that DeWet's veterans would have sold their lives dearly, whereas the boers captured offered little resistance. A dispatch from Cape Town says that during a skirmish near Pearson, Cape Colony, March 10, between some British troops and Commandant Fouché's force of Boers Commandant Owendall and Field Coronet Van Der Walt were killed.

FELL FROM WAGON LOAD OF POTATOES

George West, who has resided in this city for many years was quite badly hurt this morning by falling from a wagon loaded with potatoes at Wm. Kammer's meat market this morning. West was on top of the wagon which had on a double box, helping unload the potatoes when the horses started up suddenly throwing him backwards to the ground. He struck on his hip and complained of great pain in it. A call was sent for the patrol wagon and the injured man conveyed to his rooms in the old Dr. Amer house on the corner of Franklin and Pleasant streets. There was no doctor with the patrol wagon so that he exact nature of his injuries could not be ascertained but it is probable that his hip is fractured. It is understood that West has no means and will have to be taken care of by the city.

VOTES FOR TWO CENT FARE

Railroad Measure Passes Iowa House Committee
Des Moines, Ia., March 12.—By a vote of 23 to 9 the senate has passed the ways and means committee bill for the taxation of railroad property on a basis of stock and bonds, net and gross earnings and physical conditions. The house committee on railroads has voted to report for passage the Carter bill reducing the passenger fare on railroads in Iowa to 2 cents a mile, and to report without recommendation the Donahue bill to require railroads to furnish all public officials with passes.

SPARKS FROM THE WIRES.

Joliet, Ill., March 12.—The Knapp Exchange bank was burglarized by six men early this morning who secured about thirty-five hundred dollars.

St. Petersburg, March 12.—A dispatch received here today states that another fight has taken place between the Russians and Tungusians in Manchuria. The Russians killed two hundred of the enemy and captured three guns.

Fort Worth, Tex., March 12.—A severe storm prevailed generally in north and central Texas the past three days. A half dozen people were killed and a quarter of a million of property destroyed.

W. H. Rogers of Madison was in the city today on legal business.

ILLINOIS WILL HONOR ALTGELD

Remains Will Lie in State in City of Chicago Tomorrow.

PRAISE FOR DEAD

Widow of the ex-Governor is Prostrated by Grief Over Her Loss.

STROKE OF PARALYSIS

Chicago, March 12.—Attorney Clarence S. Darrow, law partner of the late John P. Altgeld, announced last evening that funeral services for relatives and intimate friends will be held at the Altgeld home, 3225 Madison avenue, at 2 o'clock Friday afternoon. On Saturday from 10 in the morning until 5 o'clock in the afternoon the body will lie in state in the North Side Turner hall. At a later date not yet decided upon there will be public services in the Auditorium. The service at the house will be probably the only actual funeral service which will be performed. The friends of Mrs. Altgeld, who is now in very ill health, fear the effect upon her of a very prolonged public service.

Mrs. Altgeld is Prostrated
Mrs. Altgeld is prostrated. Friends fear that the shock may be too great. She refuses to be comforted and remains alone in her room. She was not able to see the casket being carried into the house and it was not until it had been placed in the drawing room that she was told it had arrived.

The invalid wife was not informed of her husband's dangerous illness and did not know of the sudden stroke which brought him death until she read the papers yesterday morning. She has been almost an invalid for years and was never strong. The cause of the death is given by Dr. Stewart, Cushing, Nash and Herlek as cerebral hemorrhage, which brought about complete paralysis. The violent nausea to which the sufferer was subjected shortly after he was stricken on the stage of the Joliet theater was at first thought to be ptomaine poisoning, but this diagnosis was found to be wrong.

GERMAN CATHOLIC SOCIETIES MEET

Eighth Bi-ennial Convention for Wisconsin To Be Held in Oshkosh on May 18.

The arrangements committee for the eighth bi-ennial convention of Wisconsin German Catholic Benevolent societies has met and decided on a program for the four days' event to be held in Oshkosh. A large delegation from this city will arrange to be in attendance. The convention opens Sunday, May 18, with a reception to the delegates and visiting societies, and will include meetings in Badger hall and the armory of Co. B, solemn high mass in St. Vincent's church, a grand parade of the organizations, and will close with an outing on Lake Winnebago, if the weather does not interfere.

It is estimated that more than 20,000 people will be present and committees of the Oshkosh societies are kept busy perfecting arrangements for handling so large a gathering. The Young Men's societies of the state will be represented at Oshkosh in convention at the same time and their annual gathering will be their first bi-ennial, which Oshkosh is fortunate in securing.

Among the Railroads

It is reported that the tourist sleeping cars recently placed in service by the different Chicago-St. Paul lines are to be taken off. Managers of the roads say that a fair trial has demonstrated that there was no strong demand for this class of sleeping cars.

General Passenger Agent Miller of the Chicago, Milwaukee & St. Paul road is congratulating himself upon having secured several moving pictures of Prince Henry's train as it was departing from Chicago. The pictures will be exhibited in machines in different parts of the country.

The state will this year receive about \$1,712,036.33 in taxes from railroads, which is \$114,485.06 more than it received last year. All the roads except the Northwestern Coal Railway company, have filed their annual reports with Railroad Commissioner Graham L. Rice.

Speaking of the movement on the part of the Oshkosh board of trade to get the Milwaukee road to build an extension along the west shore of Lake Winnebago C. D. Smith avers that his Oshkosh-Fond du Lac interurban road will fulfill all requirements in this regard and that the Milwaukee extension is unnecessary.

The Northwestern has given notice that it will take off the tourist sleepers which were put on by all roads recently running between Chicago and St. Paul.

George S. Parker has a handsome table cover embroidered in silk and gold thread which was sent him from Madras, India. The cover was embroidered by the natives and is beautifully done.

PROMOTION FOR MR. R. C. CLOWRY

The Western Union Elects a Chicago Man President, to Succeed T. T. Eckert.

Chicago, March 12.—Colonel Robert C. Clowry was elected president and general manager of the Western Union Telegraph company at a meeting of the directors held yesterday in New York. He succeeds Thomas T. Eckert of New York, who was made chairman of the board of directors. Colonel Clowry's new duties will call him to New York, where he will have headquarters. Last night he did not know how soon the change would be made, but intimated that he would go east at the earliest possible date. For seventeen years he has been vice president and general superintendent of the company with headquarters in Chicago. Colonel Clowry has been in the service of the Western Union since his boyhood, and is probably as well known as any telegrapher in the country. He has much to do with the development of the system, and in his new office will have supervision of the business of the entire company.

FEAR THE LOSS OF A BIG STEAMER

New Allen Liner Huronian Likely to Have Sunk on Sable Island, With 100 Lives.

New York, March 12.—There is every reason to fear that the brand new Allen liner Huronian has been lost, with more than 100 lives.

Special telegrams from Glasgow and Montreal state that the keenest anxiety for the safety of the craft prevails and the Dominion government has been so disturbed over the vessel's failure to arrive that it has dispatched the steamer Aberdeen to Sable Island, where it is thought the Huronian may have gone down.

Fishermen and passage steamers have reported that they have seen the masts of a wreck on Sable Island for two weeks. The wreck lies about five miles from the east end of the island. It is a whole month since any tidings of the ship have been received. She left this city February 11 for St. Johns, N. B.

The ship was under the command of Captain Brodie when she left Glasgow and had a crew list of eighty-five men besides over twenty passengers. The vessel was built last year by the Palmer Brothers Company of Newcastle, England, and has a gross tonnage of 6,550. She is 150 feet long, 53 feet 5 inches beam and 31 feet and 7 inches depth.

GOES INTO FIRST REGIMENT

Adjutant General Boardman Assigns Neenah Company

Madison, Wis., March 12.—Adjutant General C. R. Boardman today issued an order assigning Company I, the newly organized military company at Neenah to the first regiment. It will take the place of Co. I, of Janesville, which was recently disbanded. The commissions of the officers of the new company were made out today. The officers are captain, J. B. Scheller; first lieutenant, F. J. Scheller; second lieutenant, Edward J. Heckel.

FOND DU LAC MAN MADE PRESIDENT

Every Officer of the Wisconsin State Photographers' Association Was Re-elected.

Milwaukee, March 12.—Every officer of the Photographers' association of Wisconsin during the past year was re-elected at the session yesterday afternoon and Milwaukee was chosen as the place for the convention next year. The date will be decided later.

The following is the list of officers elected:
President—Henry S. Miller, Fond du Lac.
First Vice President—B. C. Guttenstein, Milwaukee.
Second Vice President—A. E. Taylor, Delavan.
Secretary—J. M. Bandtel, Milwaukee.
Treasurer—W. A. Pryor, La Crosse.

After some discussion this morning the association decided that it would not offer prizes on exhibits at the next annual convention, following the precedent established this year. There was considerable talk pro and con in regard to this question but it was finally decided that the photographers would be amply rewarded by the choice made at each convention from among the exhibits to be sent to the national and other district conventions.

GOVERNOR NAMES EMMERICH

Marathon County Man Member of the State Board of Agriculture

Madison, Wis., March 12.—Governor La Follette today appointed Anton Emmerich of Marathon county, as a member of the state board of agriculture from the Tenth Congressional district. He will succeed David Wedgwood of Little Sioux district, but owing to the re-adjustment of districts C. G. Wilcox is now the member from the Ninth. The governor appointed William E. Fav of Star Prairie, St. Croix county, as lumber inspector for District No. 4.

Henry Carpenter was down from Madison, where he is attending the State University, and spent last night with his parents.

HOUSE MEMBERS SEEK HARMONY

Sugar Beet Advocates Are Disposed to Come to Terms.

CUBA BILL READY

Strong Sentiment in Favor of Adopting the Reciprocity Arrangement.

NICARAGUA WINS OUT

Washington, March 12.—Yesterday the Cuban sugar warriors of the House were talking nothing but peace, compromise and harmony. After Tuesday night's exciting battle both sides were cooled off and anxious to come to some arrangement that will preserve party discipline and not permit the Democrats to do legislating in a Republican House. Tuesday's defeat brought the best sugar champions away from the loftiness which they assumed when they thought they had 118 members solidly behind them. They are not completely squelched, however, and will maintain an organization which will enable them to have a good deal to say about the terms of the compromise. The leaders who are making the fight for Cuban reciprocity are more interested in preventing the revision of the tariff at the present session than in securing concessions for Cuban sugar. They must be assured that a majority over opposition will support them in putting through a rule which will prohibit amendments.

The sugar beet men were in frequent conferences and a strong sentiment developed in favor of adopting the reciprocity arrangement to terminate Dec. 10, 1903, provided the ways and means bill will not accept a rebate proposition.

Game and Fish Preserves Favored
Washington, March 12.—The House committee on public lands has ordered a favorable report on the bill authorizing the President to transfer from the interior to the Agricultural Department forest reserves when their boundaries are permanently established, and also authorizing the President to establish portions of forest reserves as game and fish preserves. The bill is the result of conferences between Chairman Lacey, its author, and the executive officials, and under it is expected that game and fish preserves will be established, especially in Alaska, for the preservation of big game and fish before some of the species become extinct.

Recommend Nicaragua Route.

Washington, March 12.—The Senate committee on interoceanic canals voted to report the Hepburn Nicaragua canal bill to the Senate with a favorable recommendation. The vote stood 7 to 4. Senators Hanna of Ohio, Pritchard of North Carolina, Millard of Nebraska and Kittredge of South Dakota voted for the Panama canal. They authorized Senator Hanna to present a minority report which he will prepare and submit to the Senate within a week.

HE WILL HELP TO ELECT NEXT POPE

Cardinal Gibbons Ready to Start for Rome Without Delay When Leo XIII. Dies.

Baltimore, Md., March 12.—Cardinal Gibbons has determined that there shall not be the slightest delay in his starting for Rome in the event of the death of Pope Leo. He is almost daily in receipt of information concerning the Pontiff's condition. Immediately on the death of the pope the cardinals are summoned and ten days' grace are allowed them to get together. At the death of the last Pope, Pius IX, the conclave met and elected Leo to the papal chair before Cardinal McCloskey of New York could get to Rome. Cardinal Gibbons, however, has decided that it shall not occur at the next conclave through any delay on his part.

CAT SMOTHERS DENVER BABE

Reputable Doctor Says Animal Inhaled Child's Breath

Denver, Colo., March 12.—The 12-month-old child of Gustave Brown, a traveling salesman, was suffocated today by a large cat, which inhaled the infant's breath while it was lying in a carriage in the backyard of Mr. Brown's residence.

Dr. Waxham, a reputable physician of this city, who was called but arrived too late to save the child's life, is authority for the statement regarding the cause of the death.

Dr. Edden About the Same
The condition of Dr. Edden, who is severely ill with pneumonia, is about the same today as yesterday. This is the eighth day since the disease first made its appearance, and it is expected a change will take place in the doctor's condition.

Later reports from Dr. Edden are not so favorable. The next twenty-four hours will tell the story as the disease will reach the crisis during that time.

ABOUT HISTORIC OLD MONTEREY

Modern Civilization Has Touched This Relic of the Past.

ROMANCE AND SONG

A Vivid Description of the the Celebrated California Town by Mrs. Brand.

FOUNDED BY A PRIEST

Long Beach, Cal., March 7.—Dreaming peacefully by the ocean side, shrouded in her mantle of old traditions, lies historic Monterey, apparently unimpaired of the onward march of the centuries, content to leave to younger cities and villages the strenuous life of the present. Time was when this proud old city was the center of fashion, of political and military power, of merriment, of revelry and romance.

Bold vaqueros rode sleek bronchos to the bull and bear fights where matadors and toreros fought bravely before applauding audiences. Brilliantly uniformed soldiers dazzled the creamy eyes of dark haired señoritas by day and serenaded them with softy whispered strains of music in the evening. Sumptuous banquets were served in the old adobe buildings, while the wine flowed freely and brave songs were sung. But these were the days when California was young, when Spain was trying to gain dominion over this world. These were the days in which Monterey still finds her glory and to which she owes much of her charm for the traveler of today.

Relic of By-Gone Years.

Modern civilization has touched this relic of by-gone years but lightly and although the narrow streets are now lighted by electricity, the shriek of the locomotive breaks in on the dreams of the people several times daily, the tinkling bell of horse carriages through the streets over the four miles of street railroad and Americans have built picturesque homes near by carry on the principle business of the city. Still these evidences of a new civilization but make more marked the contrast between the new and the old.

Unquestionably Monterey has figured more extensively in romance, picture, poetry and song than any other city in the United States. The great breadth of magnificent scenery, calumbrous climate, historic associations and the calm and beautiful waters of her opalescent-hued, crescent-shape bay, have been the inspiration of the poet and artist from the earlier days of the Spanish regime down to the present time. It is this same rare combination of attraction which fascinates the most prosaic of tourists and gives a charm peculiarly its own to the quaint old town.

Nature Was Lush.

Nature was lavish with her gifts when she made the spot which Monterey nestles so picturesquely. The city is situated in a natural amphitheater and protected from the keen ocean breezes by lofty forest trees and rocky cliffs that deflect the heavy fogs, leaving the city bathed in almost perpetual sunshine.

At her feet is the Bay of Monterey, rival in its beauty of the celebrated Bay of Naples. Not alone in the fascination of its clear waters, dimpling in the sunlight and flashing back all the colors of the rainbow, does the value of the bay lie for its natural commercial advantages second to none of the large harbors of the world.

It stretches twenty-eight miles from point to point; has a clear entrance over ten miles wide, so that no pilot is needed to bring ships into its safety or even to its wharf; it offers a secure anchorage, the largest ships ever constructed can ride at anchor within a few hundred yards of the beach and it is asserted that it can shelter the navies of the world. All the large steamers to and from San Francisco stop at Monterey.

Pine and Live Oak.

Leading back from the deep blue waters of the bay and the sandy beach strewn with sparkling pebbles and sea shells, are the gently sloping foothills covered with dense forest of pine and live oak and stretching far away in the distance where the Gabilan range and the Santa Cruz Mountains tower in majestic grandeur to the skies amid such surroundings of inspiring beauty the old town and the new lie peacefully in flowering fields of roses, lilies, geraniums, heliotrope, fuchsias and hollyhocks, which clamber over the old adobe buildings and walls and almost hide them under a profusion of rich foliage and gorgeous sweet-breathed blossoms.

Attractions of Old Town.

New Monterey with its nineteenth century homes lies somewhat back from the old town, which is close to the shores of the bay. It is this old town with its narrow streets, scarcely more than alleys, and old buildings which holds the chief attraction for tourists and here many hours can be pleasantly spent.

To thoroughly enjoy the visit, one should have a competent guide and such a one we were favored with in our hostess, Mrs. W. C. Brown, of Pacific Grove, who had lived for some time in Monterey and is well informed on its history and traditions.

Just before entering Monterey from Pacific Grove, we came to a high hill on which stands a monument, erected by Mrs. Jane Stanford, California's benefactress, to Padre Junipero Serra, who landed at Monterey, June 3, 1770, 168 years after its first discovery in 1602, when Don Sebastian Viscaino took possession of the country in the name of Philip III of Spain. Viscaino named the spot Monterey in honor of Gaspar de Zuniga, Comte de Monter-

ey, Viceroy of Mexico, who fitted out the expedition.

Viscaino returned to Spain, a second attempt to discover Monterey was unsuccessful and the place remained a wild uncivilized country until the coming of the Catholic priest Serra, who founded the San Carlos Mission, in Monterey, the Mission El Carmelo, several miles away, and many other missions of California.

Founded by a Priest.

The monument represents the priest as just stepping from the boat, his left hand holding a copy of the Bible to his heart, his right hand upraised as if in blessing. Some vandal of a souvenir hunter has clipped off the forefinger of the shapely hand. At the foot of the hill stands a white cross and a live oak tree. It was under this tree, on June 3, 1770, the holy day of the Pentecost, that the first mass ever performed in California was chanted.

San Carlos Mission, the present Catholic Church of Monterey, stands as it was erected in 1794, save that the tile roof has been removed. Other needed repairs have been made from time to time, and some notable improvements made by the Dominican Fathers, who succeeded Father Serra and his Franciscan brethren who were the spiritual advisors of Monterey for about sixty years.

Heavy iron gates give entrance to the church yard and leading to the door of the church is an old sidewalk made of the large vertebrae of the whale imbedded in the ground so that the central portion of the bone are just above the earth forming the walk.

Fine Mission Relics.

The interior of the church has been remodeled and decorated but in the chapel is kept a fine collection of mission relics, consisting of the original paintings, wooden images, gold and silver vessels used in the sacraments and rare old vestments, brought from Spain by the founders of the mission. The images and vessels were made by hand and the vestments are magnificent garments, made of richest silk most elaborately embroidered. One especially beautiful one is of cloth of gold, the golden threads being as bright as when it was worn by Father Serra over a century and a quarter ago. For exhibiting these relics a fee of twenty-five cents is charged each spectator.

Mexicans and Indians.

The majority of the people of old Monterey are not attractive. Very few of the old Spanish families remain and the population consists largely of the result of the intermarriages between Mexicans and Indians. The dark-eyed, dark-skinned children are rather pretty, but the men and women are dirty and dull looking and the fat old women are actually repulsive. Entire families live in a single room in which filth abounds and from whose open doors vile odors come.

If you eat hot tamales in Monterey, you want to be very ignorant or very wise for your stomach's sake. You either want to know nothing or else you want to know all about where the tamales were made.

Sweetheart of Gen. Sherman.

Living in her old adobe home, sheltered behind its high adobe wall, is a person who has a romantic interest for the tourist because a cherished legend of the people makes her the faithful but forgotten sweetheart of General W. T. Sherman. A long arbor covers the sidewalk from the gateway in the wall to the house and the arbor is covered with a cloth of Gold or Marchel Niel rose on which flowers bloom the entire year. The bush is carefully nurtured by the sweet little Spanish gentle woman who lives within.

A favorite legend concerns the lost pearls of Loreta. Ysabel Herrera, a belle of olden times, was called La Favorita. She was a poor orphan who lived with her wealthy uncle, Señor Jimeno, but she was proud and said she would only marry the man who could fill her lap with pearls. Vincent De La Vega, a handsome young Spaniard, won her heart and swore to get her such pearls as no queen possessed if she would marry him, no matter in what way he procured them. She promised and he left Monterey.

With an Indian guide he forced his way over desert mountain tops till he came to the mission of Loreta. In whose church the sacred lady of Loreta was adorned with priceless pearls. He gained the confidence of the priests and one night he entered the church and stole the pearls. He fled back to his sweetheart. He told her the story and they planned to run away in an American boat which was to sail at midnight.

There was to be a grand ball that night and the lovers went. La Favorita made a great sensation for the front of her gown was sewn with pearls and her shoulders and arms were decked with them. Suddenly a priest entered the room and accused her lover of murder and robbery. The young couple fled to the cliffs intending to leap in the bay and swim to the ship, as they were about to make the leap De La Vega was shot and fell. Ysabel lifted him in her strong young arms, leaped from the rocks and they sank beneath the waves together. The ruins of the house of Señor Jimeno are still pointed out as the story is told and although the rocks and the bottom of the bay have been carefully searched many times, the lost pearls still lie beneath the waters.

LOUISE F. BRAND.

Surprise for Royal Neighbors.

The Royal Neighbors were treated to a genuine surprise last evening at the conclusion of their lodge work at West Side Odd Fellows' hall. Some time ago the Neighbors sprung a surprise in the way of a banquet on the Woodmen and last night the compliment was returned by them. After the lodge work was finished and the ladies were about to start for home, they were informed that a delegation was waiting for them in the dining room and were much surprised when they walked in on a banquet fit for a king. They were not at all backward about accepting the invitation to enjoy themselves and were soon seated at the tables enjoying the good things prepared for them. The Woodmen and Royal Neighbors are always up-to-date on a good time.

KINODROME SCENES AT MYERS GRAND

An Extraordinary Picture Display on All Topics—A Pleasurable and Instructive Entertainment.

The Castle Square Opera Co. presented the successful comedy, "King Dodo," by Frank Pixley and Gustav Lunders at the Myers Grand last evening to a splendid and delighted audience. The play was pronounced by competent critics, present last night, to be the best musical extravaganza seen here this season. The stage setting was magnificent in every respect, the choruses and ballet were splendid. Every detail of the stage management was prompt and efficient and there was not a hitch or a jar in the whole performance. Wm. Corlies as "King Dodo" was a star of the first magnitude in comic opera. Maurice Doray, Gilbert Clayton and J. Henderson filled their respective roles of court chamberlain, physician and his- torian in an admirable manner. Among the ladies Ruth Pebbles, as Annetta, the daughter of Sancho, made a decided hit and was a favorite with the audience. Viola Knox as "Piola" sowed her magnificent soprano voice to the best advantage and was repeatedly applauded.

The fun was fast and furious in every act and scene, and the chorus was one of the best ever heard here. Credit must be given Manager Myers for serving his patrons with such a high class performance.

The Kinodrome show which comes to the Myers Grand for three nights, commencing tonight, is not heralded as the most marvelous and wonderful thing you have ever seen. It has been customary for all other picture attractions to advertise the clearest and most distinct, the most perfect

"We're very, very all in bed."

and newest device ever invented, etc. The Kinodrome Show does not claim all of this in the above manner—what it does claim is that it is the greatest attraction of its kind ever offered to a theater going public. The pictures as presented are exactly as you will find them in any of the best theaters at the large cities, in which you will find the Kinodrome exhibiting the same as it will in this city. We offer an entertainment and highly diversified program of all that is best in the newest motion photography in a manner that a practical experience of seven years duration has given us, that is all. See it and you shall be the judge. An entire change of bill each evening. Popular prices.

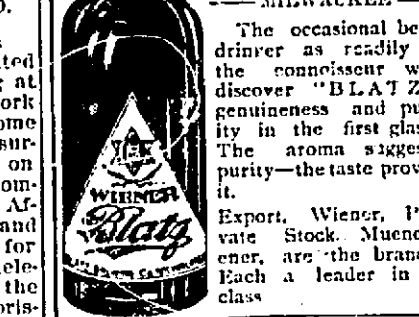

A stunning and slightly galaxy of shapely maidens, abruptly arrayed in chromatic raiment of kossamer texture, is one of the distinct recollections any one has, who sees the new musical comedy by Herman Perlet, "When Reuben Comes to Town," that will be the attraction at the Myers Grand on Tuesday, March 18. Full of vim and life, pretty women, catchy jingling music, smart lines, tuneful lyrics and a series of the most amusing situations, the comedy is rich to appeal irresistibly to all classes of theater goers. The company engaged by Messrs. Morris and Hall to present this newest novelty, is an exceptionally strong one, and in elaborate scenic production adds much to its general interest.

Also Offered to Beloit

The promoters of the American Cement Post Co., of Athens, Mich., who were here a few days ago asking for a bonus and a site for their factory have been to Beloit with the promise much enthusiasm at Bannock same proposition. They did not arouse much enthusiasm at Beloit. The \$10,000 bonus demanded by them, besides the ten acres of land seemed a good sized amount for people who claim to be wealthy and had a fine paying business to ask. Their

Henry Marriott Dead
Henry Marriott, a brother of E. H. Marriott, city editor of the Recorder passed away yesterday afternoon after a brief illness with pneumonia. He was taken sick while on an excursion to the south and while everything possible was done for him he grew rapidly worse. His friends succeeded in getting him home some days ago where he lingered along for several days. Mr. E. H. Marriott was called to his brother's bedside yesterday morning and succeeded in getting there shortly before his brother passed away. His many friends in this city will sympathize with him in his bereavement.

EMPEROR THANKS PRESIDENT.

Kaiser Expresses Gratitude for Reception of Prince Henry.

Washington, March 12.—The following cablegrams were made public here: Wilhelmshaven, March 12, 1902.—President of the United States: Now that my brother has left the hospitable shores of the United States homeward bound I feel it a pleasing duty to express to you how deeply grateful I and the whole of the German people are for the hospitality and the cordiality of the reception which was accorded to Prince Henry by all classes of the American people. My outstretched hand has been met by you with a firm, manly and solid grasp. May Heaven bless our relations with peace and good will between the two great nations. My best compliments and wishes to Miss Alice.

WILLIAM, I. R.

Washington, March 12, 1902.—Emperor William, Wilhelmshaven: Your brother's visit to this country has accomplished much in showing the depth of kindly feeling which exists between the two nations. It has been most fortunate in every way and I trust you will permit me to congratulate you on the admirable manner in which he has borne himself. He has won the genuine and hearty sympathy and regard of all with whom he has been brought in contact. We have welcomed him for his own sake and we have welcomed him still more heartily as the representative of yourself and the mighty German people. I thank you in the name of the American people for what you have done, and I thank you personally in addition for the gracious form which your courtesy took.

Resigns from Salvation Army

New York, March 13.—News has been received by high officials in the Salvation Army here that Herbert Booth, a son of General William Booth, the founder of the organization, has resigned his position as commander in chief of the forces in Australia and will take a post under the government. Herbert Booth is the second son of the general to rebel at the restriction placed upon him by his father and withdraw from the organization. It is believed that Herbert Booth will form an organization under the government control much as his brother, Ballington Booth, organized the Volunteers of America.

IN THE AIR.

The Germs of La Grippe are Conveyed Through the Atmosphere.

No one can escape the La Grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The reason that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off infection, while those, who for any reason are not in the best of health, fall ready victims.

The first symptoms are those of acute catarrh resembling a hard cold and if prompt treatment is applied at this time, it can easily be broken up; one of the best remedies at this stage is Stuart's Catarrh Cure, sold by druggists everywhere and if taken freely, say one tablet or two for two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist clergyman of Ceresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: "Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this fall and winter and have found them a safeguard against La Grippe and catarrhal troubles, from which I have suffered for years. I feel that I can freely and conscientiously recommend them."

Persons who suffer from catarrh of the head and throat are very susceptible to La Grippe and such will find a pleasant, convenient and safe remedy in this new catarrh cure.

Stuart's Catarrh Tablets are composed of harmless antiseptics and may be used as freely as necessary as they contain no cocaine, opiate or poisonous drug of any kind.

MAJ. H. S. HOGBOOM DEAD.

Dies at His Hollywood Home, in California, After Short Illness.

The death of Maj. Harmon Stacy Hogboom, occurred Tuesday night at his home, corner of Prospect and Wilcox avenues, Hollywood, after a few days' illness from pneumonia.

Since coming to California about three years ago, Maj. Hogboom has lived a retired life at his beautiful Hollywood home; but most of his sixty-nine years had been spent in the activities of business, professional and official life.

Maj. Hogboom was born in Acadia, Wayne county, N. Y., and was a graduate of Syracuse College and Law College.

At the beginning of the civil war he was offered the command of a body of college student youngsters, and later he raised Co. B of the One Hundred and Eighth Regiment, New York Volunteers.

His army service was arduous. He participated in the battles of Bull Run, Chancellorsville, Antietam and Fredericksburg, at the last of which he was promoted to be major; and at Gettysburg he was breveted brigadier-general.

After the war Maj. Hogboom practiced the profession of law in Rochester, N. Y., where he was District Attorney, and later removed to Janesville, Wis. From that time until his removal to California, he held numerous public offices of trust and honor, both in Wisconsin and Minnesota. In which latter state he became largely interested in the grain and elevator business.

On account of failing health Maj. Hogboom came to California and located at Hollywood.

He was a member of the Masonic fraternity and of the Project Park Methodist-Episcopal Church. He leaves a widow and one son, Franklin D. Hogboom, who resides at Montclair, N. J.

The funeral services will be held at the late residence of the deceased tomorrow afternoon at 1:30. Rev. Fred Miller officiating, and the body will be cremated at Rosedale.—Los Angeles Times.

Rumors Affect Northwestern

All sorts of rumors regarding Chicago and Northwestern deals have been in circulation recently. One of the reports had it that the Moore brothers, who have controlled the Rock Island, have secured a controlling interest. Another report was that the Northwestern, Milwaukee and St. Paul and Rock Island roads would be consolidated, and yesterday a new rumor had it that the officials of the Chicago & Northwestern had decided to disburse something like \$8,000,000, netted, notwithstanding liberal expenditures for renewals, etc.

All of these reports are discredited, the opinion being that the advice is due to the booming of the stock by speculators. It is believed that Northwestern will continue to be controlled by the Vanderbilts, who never yet have relinquished control of any road of which they held possession.

The costliest building of modern times is the state capital at Albany, N. Y. It cost \$20,000,000. Dr. Crane's Quaker Tonic Tablets cost fifty cents and are the perfection of purity in medicine. They cure kidney diseases, torpid liver, constipation and indigestion. In all the word no cure so sure.

Washington Notes.

Washington, March 13.—The President and Mrs. Roosevelt gave a largely attended piano, song and violin recital at the White House last night, beginning at 10 o'clock.

Secretary Root made an argument before the Senate committee on military affairs in support of the bill creating a general staff and consolidating the quartermaster, the commissary and the pay bureaus of the army under one head, to be known as the supply bureau.

Secretary Hay and Secretary Root have left on the President's naval yacht Sylph, for a few days' rest and recreation. The Sylph will cruise in Chesapeake Bay and adjacent waters, and probably will make a short stop at Fort Monroe.

The President nominated Charles M. Gorham of California to be minister and ruler of the mint of the United States at San Francisco.

Brigadier General David S. Stanley, U. S. A., retired, who rendered gallant service in the war of the rebellion, is seriously ill at his home in this city.

W. J. Glenn, the doorkeeper of the House of Representatives, died here from pneumonia following an attack of grip. He was 39 years old. At the deathbed were a number of old Allegheny County friends. Mr. Glenn leaves a widow and two sons. His remains will be taken to his home in Cuba, N. Y.

CRASH!!

Goes the crockery and the waitress will probably be called clumsy and careless. Her plea of sudden dizziness is not allowed. "What right has she to be dizzy?" they ask. Women who are suffering from diseases peculiarly feminine are liable to sudden dizziness and faintness, and it is only by curing the womanly diseases to which they are subject that dizziness and other ills can be entirely relieved.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures irregularity, dries disagreeable, weakening humors, drains inflammation and cures female weakness. When these conditions are cured, backache, headache, dizziness, etc., are also cured.

"I suffered for twelve years with female trouble," writes Mrs. Milton Grimes, of Adair, Adair Co., Iowa, "which brought on other diseases—heart trouble, bright's disease, and at times would be nearly paralyzed. Had neuralgia of stomach. I can freely say my medicines (nine bottles in all, five of 'Favorite Prescription,' four of 'Golden Medical Discovery,' and two of Dr. Pierce's Pellets) have cured me. I can work with comfort now, but before I would be tired all the time and have a dizzy headache, and my nerves would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, something I had not done for over eleven years before."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Doctor Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Kodol

Dyspepsia Cure

Digests what you Eat

In speaking of indigestion, Dr. Lewis says: "It is deplorable that so many hundreds of thousands of Americans suffer from indigestion. It means that the blood of the nation is becoming impure; for undigested food poisons the blood. Unless a method is devised for overcoming this malady, our race must deteriorate."

Many persons use soda tablets to neutralize fermenting food; this only makes a chemical receptacle out of the stomach, and injures its sensitive structures. Others feed on pepsin, which is better, but not sufficient, for it digests only albuminous foods.

The preparation best fitted to relieve and absolutely cure indigestion is KODOL DYSPEPSIA CURE. It contains every known digestant and digests every kind of food. Its use is a common sense method of treating all stomach troubles, and the results are always certain.

Wholesale Chemists: Parsons' Drug Company

COST OF RAISING SUMATRA TOBACCO

Statement Issued by the Connecticut Experiment Station—Shade Raising is Profitable.

A valuable bulletin on the growing of tobacco under shade in Connecticut is of seasonal concern at this time. Interest is at fever heat on the subject and as the Connecticut experiment station in connection with the Connecticut experiment company are pioneers in all tobacco investigations in New England, the past several years, and as their work has been brought in the very closest touch with the growers themselves, the statements below will be accepted as authentic and perfectly reliable as being a statement of fact.

It has not as yet been conclusively demonstrated that tobacco can be raised profitably under shade in Wisconsin. It is known that a few of the most careful growers have produced some of the finest tobacco ever grown, but it has not as yet been sold, nor will it be, until the cold weather is past.

Director Jenkins states that the fifty acres raised last summer will in itself be largely an experiment in the working up by manufacturers. The leaf is very thin, delicate to handle, is affected by cold weather, but for the highest grade cigar is just the thing. The tobacco raised last year is of such extra fineness, it is estimated that 100 acres will be covered with cheese cloth this year. Growers are ready to embark in the growing of Sumatra leaf under cover in Wisconsin just as soon as they are convinced that there is profit in it.

An increase of acreage of from 50 to 1,000 acres in one year, where it is estimated capital of \$1,000 per acre must be available, or \$1,000,000, shows business enterprise not exceeded in any line of trade. It may be, we have a veritable Klondike right here in Wisconsin. In his bulletin Director Jenkins now, for the first time, makes public many interesting facts and deductions.

HARD FIGHT IN FIFTH DISTRICT

Waukesha Candidates Are Already Hustling for Delegates—Candidates of Frame.

The announcement of Andrew J. Frame of Waukesha that he is a candidate for the republican congressional nomination in the Fifth congressional district means, it is said, a hard contest in Waukesha county for the delegation from that district.

Omar L. Resencenz of Oconomowoc and D. W. Howie of Elm Grove are both also out for the nomination, and both intend to have the support of solid Waukesha county delegation if such a thing is possible. Work is being done already for all three candidates and while Mr. Howie has as yet made no formal announcement of his intention to enter the field, it is said that this will come very soon, and his friends say that if anybody has any idea he will not be a factor in the race they can be certain they are mistaken for the reason that his supporters intend to canvass every portion of the district and to leave no stone unturned to gain for him the delegation.

SEALER OF WEIGHTS AND MEASURES

City Official In the City Today, Making Examinations in the Creameries.

George H. Davey, sealer of weights and measures, claims that some of the creameries are not giving full weight in pound prints of butter, and in response to the complaint of some of the grocers of the city has been making an investigation. He says he has made several tests for weight and found prints that have been put up for 16 oz to weigh but 15 oz., and in one case he took the weight of 10 one-pound prints and found but nine and one-half pounds total. Mr. Davey does not attach any blame to the grocers for this state of affairs but claims that in his official capacity he intends to take steps to punish the offenders if the occurrences are repeated.

CHARGED WITH ILLEGAL FISHING

Charles Lumm, the Man Arrested at Lake Koshkonong, Pleads Not Guilty.

Charles Lumm, the man arrested at Lake Koshkonong on March 11 by Deputy Game Warden Peter Drafiel, appeared in the municipal court this afternoon and plead not guilty to a complaint filed against him by Deputy Drafiel.

The complaint charges him with illegally fishing through the ice on Lake Koshkonong on March 11 with more than five lines. On account of District Attorney Jackson being busy in the circuit court the case was adjourned until March 28 at ten o'clock. The defendant was allowed to go on his own recognizance. It is understood that Deputy Drafiel has another charge against Lumm for killing ducks out of season.

Lumm claims that Drafiel and his helper exceeded their authority by breaking into his house and taking his field glass and other things belonging to him, which they had no right to do. Attorney C. E. Pierce is looking after Lumm's interests and thinks that some one else besides Lumm has got into trouble.

CYCLONE WRECKS RIVER BOATS

Tornado Sweeps Over Southern States, Destroying Life and Property.

TWENTY-TWO PERSONS DROWN

Mississippi Packet Lifted Out of the Water and Overturned, Carrying Many to Death—Illinois Central Train Windows Are Broken.

New Orleans, La., March 13.—A cyclone of terrific force struck the Mississippi river at an early hour Wednesday and traveled out through the state, cutting a swath several miles wide and carrying destruction and death in its path. It hit the Vicksburg and Davis Bend packet Providence at Ion Landing, in the lake at Davis Bend, captured the boat, sinking her and causing the drowning of four white men and eighteen negro roustabouts.

At Montgomery, Miss., 132 miles north of here, on the line of the Illinois Central railroad, the storm encountered the Chicago limited train, No. 1, on the Illinois Central railroad, bound for this city, and broke and shattered every window on the west side of the train. There were nine cars, the train being the regular solid vestibule limited that runs through from Chicago, St. Louis, Cincinnati and Louisville to this city.

It was 5:30 in the morning when the fury of the elements broke upon the train. The women screamed and the men ran to the vestibules. But the greatest safety to be had was on the train, for on the outside the houses and buildings were being lifted into the air and were sailing across country. After many delays the train finally reached the Union Depot here.

The train looked as though it might have passed through a battle of bullets. On the side of the storm there was not a whole window glass left intact. Glass and debris were scattered all over the coaches. The train was a veritable wreck. It was a miracle that no one on board was killed.

Conductor O. C. Betts says they saw the tornado coming and slowed down. For a distance of two miles down the tracks the trees and telegraph poles were a tangled mass over the rails and along the tracks.

Over the Mississippi river the destruction was even greater. The packet Providence had left Vicksburg the day before for the Benos and was in the lake. Being light, she was overturned and twenty-two of her passengers were drowned. The dead: William Cassidy, Charles Roup, Clyde Scott, Dr. N. A. Lancaster, and eighteen colored roustabouts.

The steamer left Vicksburg on her regular trip, carrying a large miscellaneous cargo of freight and a large number of passengers. Just as the steamer was entering Lake Palmyra a sudden wind and rain storm of cyclone proportions came out of the west, catching the Providence broadside on. The little vessel was lifted almost entirely out of the water, her upper works were blown away and the hull was turned bottom up in forty feet of water.

Only nine of the boat's entire company were saved. The property loss will amount to several thousand dollars.

Houston, Tex., March 13.—Reports from Tuesday's rain and wind storm show considerable damage done at various places in Texas. About four-fifths of the state was covered by the rain. At Houston four small houses were wrecked, with a loss of \$15,000. Emanuel White, colored, was crushed to death. At Rosenberg ten houses, including the Baptist church, were damaged beyond repair. In and near Tyler a number of houses were blown to pieces and several people hurt. The residence of William Russell at Bortram was blown over and Mrs. Russell and baby injured. Near Midlothian Ed King sought shelter in a barn and was killed by a stroke of lightning. The residence of T. H. Bentele was blown over and Mrs. Bentele probably fatally injured. At New Boston one man was crushed to death and his home was totally destroyed. The opera house, Methodist church, a store and dozens of smaller houses were wrecked.

Marion, Ind., March 13.—A tornado passed over this city at 5 o'clock last night, doing much damage to the oil well district and factories. It is estimated that over half the derricks in the Grant county field were blown down. One producer lost thirteen derricks out of fifteen. The Estey glass factory was badly damaged. The roof of the American Window Glass company's plant was demolished.

COAT SPRINGS.

WE HAVE THEM. They are a wire contrivance to hold the coat collar in proper shape. You don't need any artificial or mechanical device to hold our coat collars in proper position. They hold themselves—and our prices are the lowest of the low—quality and workmanship considered. All wool Cheviots, Cashmere and Scotch goods in the newest black and white patterns, collars to hold to their original shape and trousers cut in the prevailing style. Good, serviceable business Sack Suits for \$8, \$6.50 and \$5 all fitters.

MATT J. JOHNSON'S
GREAT BLOOD and RHEUMATIC CURE
Cures all Kinds of Rheumatism. **60888** Cures all Kinds of Blood Trouble.

(SIXTY EIGHTY-EIGHT.)
MATT J. JOHNSON CO., St. Paul, Minn.
Gentlemen—I have been a great sufferer from Rheumatism. I was laid up in bed and gave up all hopes of being cured. My legs were all swollen up and I could not move them without great pain. Your remedy was recommended to me by Chief Police Officer, who said "yes" had cured him. On taking one-fourth of the bottle I was able to get out of bed, the first time in thirty days. I have taken my second bottle and now consider myself entirely cured. I write this that others may know of this wonderful remedy.
Respectfully yours,
WM. HIRCHER, U. S. Q. M. Dep., Armory Bld.

A FREE TRIAL. We guarantee 60888 to be free from all opiates, salicylates, iron, cocaine, mercury, and all poisonous drugs. On taking half a bottle from our authorized agent, return the bottle and your money will be refunded, if bought from our authorized agent.

PREACHING ANARCHY.
The Milwaukee Journal in its attempt to harm Senator Whitehead, is compelled to become an anarchist. The anarchist hates law, and will not obey it if he does not like it. This anarchist ground the Journal defends with the zeal of a Herr Most. It arraigns Senator Whitehead because he signed a petition to have the laws enforced which require the Sunday closing of saloons. Many people do not like such laws, but, being law-abiding men, they obey them because they are unable to have them repealed. The Milwaukee Journal takes the anarchist ground that laws should not be enforced that a certain part of the community does not believe in. Carry out the Journal's logic and the man who does not believe in a law need not obey it and the man who is in favor of its enforcement is an oppressor. Every man living or acting on the political and ethical theories of the Journal is an anarchist not necessarily of the assassin type but a justifier of disregard of such laws as he is displeased with. The Journal has taken the bold and audaciously desperate ground of advocating disobedience to law and non-enforcement of it—flat anarchy as even Herr Most, ranted.—Madison Democrat.

This is good strong doctrine from a democratic standpoint, but it is true to the letter. The Journal is a political orphan, and practical.

SPECIAL SUIT OFFERING Saturday, Mar. 15.

WE ARE going to make our spring's business the biggest of the year. To acquire this result we must be active. We place on sale Saturday all the newest creations in this spring's suitings made of the choicest materials in all wool fabrics that the market affords. Not one thing has been forgotten to make our clothing perfection in every detail. Not one thing has been omitted that would help the wearing qualities, but what has been added to our line. We would be pleased to show you, (more pleased to sell) but that is a secondary consideration, we really want you to know how complete our line is.

No. 1—Special Fancy Worsteds in plain and pin striped effects, handsome designs for spring showing, genuine Hair cloth front, all wool material, \$16.50, Saturday... **\$14**

No. 2—Special Black and Blue Serges and Worsteds, both narrow and wide waist, also fancy Cassimeres, Worsteds, and Cheviots, each and every suit made up in the same good way as on higher priced goods. We have worked them very low at \$12.50, Saturday... **\$10**

No. 3—A Special large showing of young men's Suits, pretty patterns by the score, made and trimmed correctly, they have the snap, the fit so much desired by all. Every suit with genuine hair cloth stiffener in front, they can't break down. This makes them just as good as tailor-made, difference is half the price. \$12.50 \$13.50 suits... **\$10**

No. 4—The Exceptional Offer. All our \$5.00 and \$9 Suits, spring styles, choice all wool material in Clay Worsteds, fancy Cheviots and pin stripes, Saturday... **\$7.50**

If you anticipate buying a Suit for Spring, we wish to have you give us a chance—better goods for the money cannot be found. Every article we sell has a personal guarantee. Hence you can't go wrong.
